Scripts for the Be Election Ready: Video Guides for Voters Series (30 Seconds)

Video 4: Voting in Person

There are more ways to vote than ever, but data shows that the most popular way to vote is still in person.

If you're planning to vote in person, you'll need to ask yourself:

- When can I vote?
- Where can I vote?

To ensure that you are going to the right place – at the right time – look up your voting information on your state election website or contact your local election office.

You may live in a state that requires a valid ID to vote, so make sure to double-check the rules.

For more information, contact your state or local election office or visit [EAC.gov](https://www.eac.gov).
